Hospital Peer Review
2011 Index

Accreditation Surveys
SOS: Summer of surveys tests NC hospital, NOV:128
Survey Field Report: Sending out an SOS, OCT:111
Accreditation field report, SEP:101
Accreditation field report, MAY:55
Surveyors look at IC 'everywhere,' FEB:21

Adverse events
Updated advice for adverse events, DEC:140
NQF expands list of reportable events, AUG:90
OIG report: Averse events still too common, 'CMS expand HAC list,' JAN:1

Award Winners
NAHQ announces annual award winners, NOV:130
Memorial Hermann takes home Franklin, JUN:70
ANA awards five hospitals for nursing quality, MAR:31
Reinertsen honored with Eisenberg award, FEB:23

CMS
CMS approves 500 FQHCs, DEC:143
RAC rules finalized, NOV:127
CMS rule raises bar on quality, SEP:97
CMS changes telemedicine credentialing rules, AUG:85
HHS tests new quality program, AUG:94
CMS releases proposed ACO rules, MAY:56
Proposed CMS rule may impact hospitals, APR:40
One big step toward value-based with CMS issuance of proposed rule, MAR:25
Proposed rule leaves many questions, MAR:28
OIG report: Averse events still too common, 'CMS expand HAC list,' JAN:1
Take a look at your QAPI CoP compliance, JAN:4

Credentialing, Privileging, and Peer Review
Whither peer review? NOV:121
Protecting non-physician peer review, OCT:109
FPPE/OPPE: Monitoring practitioners' privileges, MAR:32
Creating applications for privileging, FEB:18

Data Collection and Reporting
So much data, so little idea what to do with it, DEC:136
Program aims to promote quality data, DEC:138
Taking the measure of measurement, NOV:125
NQF draft reports: A light at the end of the tunnel? OCT:115
Data collection comes to palliative care, AUG:89
NCQA adds new measures to HEDIS, AUG:95
Choosing the right measurement is key, JUN:68
ICD-10 timetable: Readiness assessments should be complete, APR:37
Collaborative uses data to bring uniformity, APR:46
NQF endorses new mental health measures, MAR:33

End of Life
Study eyes EOL trends for Medicare patients, OCT:116

Health Care Reform
What does national strategy mean for QI? JUL:80
Report to Congress gives structure to healthcare reform requirements, JUN:61

Infection Control
HAIs in AHRQ's sights with new grants, DEC:142
IPs save over $100,000 by using...duct tape? AUG:93
MRSA program reaps rewards at VA, JUN:63

Joint Commission
Joint Commission offers ISO certification, DEC:142
Top performers named in JC report, NOV:124
Does accreditation mean better outcomes? NOV:128
SOS: Summer of surveys tests NC hospital, NOV:128
Survey Field Report: Sending out an SOS, OCT:111
TJC issues alert on diagnostic imaging, OCT:117
TJC readies new standards for ORYX measures, SEP:106
Having trouble with CAUTI? Better get a handle on it soon, JUL:73
Changes in TJC policies aplenty in 2011 — are you up to speed? FEB:13
TJC looking for core measure 'accountability,' FEB:16

Medication Issues
A high-tech approach to medication reconciliation, OCT:118

Pain Management
Data collection comes to palliative care, AUG:89

Patient Safety
Two states put radiology on patient safety radar, SEP:104
OB/GYN gearing up for QI push? SEP:104
Having trouble with CAUTI? Better get a handle on it soon, JUL:73

Giving patients a seat at the table, JUL:75
Healthcare providers collaborate for safety, JUL:81
Communication key to reducing disruptive behaviors, MAY:49
How to measure success of communication, MAY:52
Five years without VAP? Two years without BSI? APR:42
Suicide assessment team in the ED, MAR:30

Readmissions
Readmission rates respond to collaborative process, DEC:133
10 ideas to reduce CHF readmissions, DEC:136
Readmissions costly, impact quality of life, MAY:57

Risk Management
Who's at the table for your root-cause analysis? JUN:66
Validated root causes for handoff failures, JAN:6

Studies
Does accreditation mean better outcomes? NOV:128
Study eyes EOL trends for Medicare patients, OCT:116
CLABSI reduction projects with a twist, SEP:99
RACE program dashes to success, AUG:91

Quality Improvement/Change Management Theory
CLABSI reduction projects with a twist, SEP:99
Florida hospitals link to improve surgical care, SEP:103
OB/GYN gearing up for QI push? SEP:104
IT: More than a tool for quality improvement, AUG:87
RACE program dashes to success, AUG:91
Getting a handle on glucose control, AUG:92
The new push for reliability, MAY:53
Five years without VAP? Two years without BSI? APR:42
Collaborative uses data to bring uniformity, APR:46

Staffing Issues
Unit-based teams get results at Penn, DEC:138
What does a physician hear when you speak? JAN:10

Technology
Simulating your way to success, OCT:113
A high-tech approach to medication reconciliation, OCT:118
CMS changes telemedicine credentialing rules, AUG:85
IT: More than a tool for quality improvement, AUG:87

Transitions of Care
Bridging the gap between ED and PCP, APR:40
ED leaders reverse poor flow trends, MAR:35
Using frontline staff to improve hand-offs, FEB:17
Tackling hand-off communications, JAN:5
Validated root causes for hand-off failures, JAN:6
Kaiser standardizes the hand-off process, JAN:7
Kaiser hones hand-offs from hospital to homes, JAN:8
